This book exposes what has been concealed from the public and ends with a mass of colour of the **City of Perth**, the *Festival City of Australia*. The last 40 pages portray in brilliant colour the long lost photos (1978-1980) of the **Festival of Perth** and the **Hyde Park Festival**.

Also includes **WAY79**, the **150th Anniversary of Western Australia**, the **Skylab** crash over Western Australia and the **Murray Street Parade of 1979** and much more.

ISBN 0-646-39772-9

This is the story of **Daddy Bailey** and the 86 Australian war babies known as the *Hopewood Children of Australia*, that he raised from the profits of his company **Chic Salon**, now **Sussan**.

They were raised on a diet of natural foods and were free of chemicals such as fluoride and vaccines, and became the healthiest children ever documented in the western world with perfect teeth.

Australia's best selling book on Queensland's Cape York. This is the book the politicians tried to ban in the Federal Parliament in 1997.

It delves into the massacres and beheadings of shipwrecked castaways of men and women and children, such as the **Charles Eaton** and **Sperwer** massacres. It tells of the **Kennedy Expedition** of Australia's worst exploration disaster. The most heart wrenching story is of shipwrecked survivor, **Barbara Thompson**, held captive for five years by headhunters and finally rescued by the warship *HMS Rattlesnake* in 1849.

It includes the poignant story of **Lizzie Watson**, who died with her baby escaping from aborigines on *Lizard Island* in an open water tank. This book is a must for those interested in Australian history.
